On a cold, frosty morning in Mexico's Sierra Madre Mountains, a rider came upon a covey of partridges. For protection from the cold, the birds got together and spread their wings, intertwining them so that their bodies were completely covered as a shield from the frost and the cold. Only their heads stuck up above that covering. They survived. Without that united effort, they might have succumbed to the weather. With it, they came through in relative comfort. *(story by Elder Antoine R. Ivins of the Seventy)*

We have many opportunities to put our arms out and shield or help others. Every day, we see people who do that.

A nurse may take time to talk to the wife of a terminally ill patient. Although the hour is late and the nurse is tired, she senses the woman's need to talk and be comforted. The woman is seeking comfort about what happens after death. The nurse speaks of the Atonement, the Resurrection and Heavenly Father's Plan of Salvation. When her husband dies a few days later, the woman asks the nurse to speak at his funeral and she does.

A teacher agrees to meet after hours with a parent who is unable to attend a regularly scheduled parent-teacher conference.

A taxi driver carries his passenger's luggage to her front door, then waits in the cab with its headlights on so that she can see to unlock the door. Not until she is safely inside her home, does he drive away.

A woman notices another woman weeping at a telephone in a crowded airport. She approaches: "You've had some bad news, haven't you? Can I help?" When she heard that the woman's mother has just died, the fellow traveler puts her arms around her and lets her cry. She offers what consolation she can and after a few moments, before continuing on to catch her own plane, asks for her name and tells her that she will pray for her.

A family becomes concerned when their next-door neighbors are gone on a trip longer than anticipated. Their lawn and weeds grow. The family mows the lawn, pulls the weeds and waters the flowers until the neighbor returns, explaining that one of them had to spend a week in a hospital before they could return home. *(examples taken from various Church News Issues)*

None of these kind people were required to spend extra time, energy and effort to help others and probably few knew of their little acts of service. But like the covey of partridges who spread their wings, offering some protection and shelter from life's storms, they each made a difference to at least one other fellow Child of God. We are all literally brothers and sisters in the family of God. We should feel an obligation for one another's welfare and show our love through deeds of kindness and concern. "We can reach out to one another, even beyond our own brothers and sisters in the Church."

(Pres. Gordon B. Hinckley)

"Bear ye one another's burdens, and so fulfill the law of Christ". Galatians 6:2

Hey – We got transfers this past week and I am still on Pohnpei Island, but have been transferred from the Mand Branch to what is called the 'Nett area' which is the only companionship of our mission that covers 2 branches. Actually, they are smaller than branches and are actually called 'Units'. There are no local leaders and they only meet for Sacrament Meeting. Because of the lack of leadership, I am also serving as the acting Branch President or the equivalent thereof. I am the one who sits up front and announces everything and calls on people to speak and pray, etc. I have to be prepared to speak if those called fail to take up the whole time. My new companion is Elder Crapo and this is his 2nd transfer of his mission. We are back on bikes – in fact, they are the same bikes I started on here on Pohnpei. I am really enjoying Nett. They have been having some missionary success and we are working with a guy who is planning on being baptized this coming week-end.

I got a letter from a friend there in Mesa. He has been struggling to lose some weight which was preventing him from turning in his mission papers. I thought he had given up on a mission, when I got mail from him. He had attended a stake fireside and the Stake Pres. spoke about the importance of serving a mission. He promised the youth that if they would make themselves available, then everything else would fall into place. After the fireside, my friend approached the Stake Pres. and shook his hand and looked him in the eyes and said, "I'm available." He said the President's eyes teared up and he told him to work extra hard for the next 2 weeks to lose 10 lbs and then call him and he would send in his papers that very day. I am so happy for him.

I had some really neat experiences this past month. While still in Mand, my companion and I stopped to visit Francisco Anton who we had been teaching. Francisco had been praying about getting baptized. When we arrived, he told us he felt awful and had a lot of pain in his left shoulder, hot and cold flashes and a bad headache and cold symptoms. We explained Priesthood Blessings to him and then asked if he would like us to give him a blessing. I had never given a health blessing in the Pohnpeian language before. Anyway, he did request a blessing and we gave him one. We stopped back the next day to see how he was doing and to help him with a few things. When we reached his house, he was out working in the yard, completely recovered from his sickness and pain. It was such a special experience and to see the power of the priesthood work so fast. That same week, we visited our previous convert, Johnny Johnny and he was in such pain with a boil on his stomach. We offered to give him a blessing and he pleaded for a blessing saying that he couldn't even sleep because of the pain. Also in Pohnpeian, we promised him that he would sleep well that night and would overcome his sickness. Two days later, when we visited him, he said he was pain free and in good health, and the boil was draining just fine. He said he had not had any further problems since his blessing and was so grateful for the relief. These were such good experiences with the power of the priesthood.

I noticed that family members are complaining about the humidity and heat there in Mesa. Is that like 90-100% humidity? That's what we deal with every day here!

President Dowdle gave me a nice compliment at our recent zone conference and interviews. He said I had responded well to the "push off the cliff" that I had received at my previous transfer and said "it was either fly or die, and you flew". He told me that I had been an agent of change in Mand. I hope I was a good influence in people's lives. At that point, I was fine with either staying in Mand or being transferred. I truly was willing to go and do whatever the Lord wanted for me. This mission has taught me so much and I am grateful for my many experiences.

Hello,

The weather has been warm here but not as bad as Mesa. We are still in Eagle, Idaho and we are doing great. There haven't been missionaries in this area for awhile. We have been meeting with the ward members and they are on fire. They are working hard and giving us lots of referrals. We even had a special missionary fireside with the members. We had a guest speaker and it went over very well. The people are so awesome here. The gospel brings so much joy into our lives and there are people out there that don't have the joy that we have, but they are searching for it. D&C 123:12 talks about people who are only kept from the truth because they know not where to find it. If we pray for a missionary experience God will put it in our path as long as we are willing to act upon it. I found a quote from President Ezra Taft Benson that said "If a missionary works, he will get the spirit, if he gets the spirit, he will teach by the spirit, and if he teaches by the spirit, he will touch the hearts of the people and he will be happy." I know that quote is definitely true. I have found that by working hard you definitely get the spirit and teach by it. I love being on a mission, it is so amazing.

Love, Elder Eyring

Johnny Pace has received his mission call to **Idaho Pocatello, Spanish speaking**. He reports to the MTC Aug 18th. Johnny is living in and will be leaving from the Glenview Ward. His farewell is scheduled for Sunday, Aug. 15th at 12:30 pm at the Glenview Bldg on the corner of Pueblo and Lindsay. He is currently taking the temple lessons from Renae and Michael Carter who once lived in the Dana Ward and are the parents of Sally Goodwin. Our prayers go with Johnny for a successful mission.

FYI: Our full time Missionaries **Elder Kearns & Elder Norman** may be reached at 495-8138. They live in the Gordon Curtis apartment, 1634 E. Nielson Ave.

Tyler Sandberg is at Shepherd AFB in Wichita Falls, Texas. You may text Tyler at 480-392-9087. His e-mail address is tylersandberg90@gmail.com

New Faces in Dana Ward Places

Keith and Amber Merkley and their family have moved into their home at 1802 E. Jarvis 255-8472. Keith was born in Alaska to a military family. He grew up mostly in Mesa, in the Silvergate Park ward of our stake and graduated from Mesa High

School. He served a mission to Toronto, Canada. He is employed at the University of Phoenix and is also a Business student with

them.

Amber was born in California and is the daughter of Harvey Mosley in our ward. She spent her early years in Missouri but moved to Queen Creek at age 12 and graduated from Q. Creek High School. She also is a student at the Univ. of Phoenix, majoring in Education. Keith and Amber met at the Institute of Gilbert Community College and were married in the Mesa Temple. Amber likes to sing, read and do scrap-booking. She has worked with the Cub Scout program since she was 17 and loves it. Keith has served as a ward clerk, Sunday School President and teacher and worked in several other organizations.

The Merkley family all enjoy camping and swimming. Their children are: **Brenden**, (15) is a Sophomore at Mesa High, a teacher and is working on his First Class Scout rank; **Ethan** (13) is an 8th grader at Taylor Jr. Hi, loves video games and is also working on his 1st

class Scout Rank; **Dylon** (12 last week), is a 7th grader at Taylor, loves scouting and is pushing his older brothers to achieve his 1st Class Rank before them; **Colin** (8) is a 4th grader at a Montessori school and is in the Wolf Pack of Cub Scouts and loves it; **Amalynn** is 4 going on 17 and attends pre-school at Irving. She loves to dance and swim; and **Lilyann** (3) is mom's helper at home and her family says she is the very best hugger!

We are delighted to have the Merkley family as part of our Dana Ward extended Family! WAHOO!

GETTING TO KNOW YOU BETTER!

Meet **Joe and Johnnie Dickson** who have lived at 234 S. Hill ever since Joe cleared the nest of dinosaurs out of his back yard, eons ago! Joe is the descendant of lots of Mormon Pioneers. His great grandfather was Ezekiel Lee, the first Dr. in Utah. His medical tools are on display in the Church History Museum in S.L., along with the handcart he pulled from Omaha. Joe was born and grew up in Layton, Utah. He was working in Logan when he met another young man who talked him into going home to El Paso, Texas with him, to work on his father's ranch. He introduced Joe to his sister Johnnie, who was 15 yrs. old. Joe says he had to work for her father for 3 years so she could grow up and he could marry her. Joe graduated from Logan Utah State with a major in political science, but he was a farmer all his life. Joe enlisted in the U.S. Navy when he was 18 and served during W.W. II in Guam after the island had been taken from the Japanese. He was reactivated during the Korean War, in the Army, and because he was an officer, he was able to take Johnnie with him and they lived for a year in Austria, which spared him from actually having to serve in Korea itself. Joe worked for many years for Al Coury as his Gen. Manager for their many family owned farms. During the last half of his adult life, he worked for Western Growers Chemical as their general office manager.

Johnnie was born in a little town called Ft. Hancock, about 60 miles east of El Paso, Texas. Both of her sets of grandparents had been good friends with Pancho Villa while living in the Mormon Colonies, in Old Mexico. When Pancho Villa turned outlaw and rebel, the Mormon families all left Mexico in 1912. Her family bought a small ranch in Ft. Hancock and settled there. At age 15, Johnnie's family sold their Texas ranch and moved to Mesa. Johnnie also comes from a long line of Mormon Pioneers. Three of her great grandfathers were in the Mormon Battalion. Joe and Johnnie were married in Phoenix in 1951 and sealed in the Mesa Temple in 1965. They have 3 daughters and 3 sons. The youngest, Kristal, is living in El Paso, at Ft. Bliss. Her husband Bryan Caldwell, is a Capt. in the Army and currently serving his 3rd tour of duty in Iraq. He is expected to return home, sometime around the 1st of August. Johnnie has served as YW and Primary Pres, taught the 11 yr. old scouts and the Beehive class and served as the ward Inservice Leader, Gospel Doctrine Teacher and many years as the Homemaking Leader.

Johnnie, for many years, did leather working, quilting and lots of wood and art crafting for art craft shows. She also spent many years as a volunteer in politics. She was the district campaign mgr.

for many candidates such as: Jack Williams, Sam Stieger, Jane Hull, Tom Freestone and Donna Carlson. She

served 2 terms as the Pres. Of the Mesa Republican Women's Club. She also served many years as our local Registrar for Republican Voters and as a worker at the voting polls. She proudly, and with a grin, says that she raised only good Republican children!

Joe says he was born in a log cabin, but he fibs about other things too! He lettered in Tennis in high school (true) and loves hunting, fishing and camping, although health issues the past few years have greatly curtailed those loves. When asked about the most memorable event of his life, he said he was ordained a Teacher on Dec. 7, 1941 (true) and it really upset the Japanese

government! Joe, in the past, has served as the Sunday School Superintendent, YM sports dir., a Couns in the Elder's Quorum and in a Bishopric, H.P. Group Leader and as Branch Pres. For a short time while they were living in Colorado.

Joe and Johnnie have been married 59 years and have 13 grand children and 5 great grandkids. They have contributed many years of special service to the 19th and Dana Ward. Mucho Thanks you guys!

Notes on Dana Ward Folks

She's Here! Hooray! **Emily Nicole Young** arrived as the newest addition to the **Ryan and Rebecca Young Family** on July 5th. She just missed being a July 4th Baby. Mom and Emily are doing Great and Emily's brothers and sisters love her to pieces! Bro. Young, the proud Daddy, has pictures on his cell phone. Just ask to see them!

Kim and Shaun Brown welcomed their third daughter to their family July 24th. They have named her **Ryn**. She's a cutie and a "Pioneer Baby"! Congratulations to the Browns!

Genevieve Hewes had her baby girl on July 19th and has named her Sarah. Congratulations.

It's nice to have **Francisco and Candace Osequeda** and their baby, **Emery** staying in the ward for awhile. Also, **Tiffany (Hale) Stradling** and her twin daughters and husband **Richard**, (when he can get home for a week-end) are temporary members of the ward family.

Ferrel and Susan Dilworth are back from their Idaho home where they have been working to tie up loose ends. Ferrel was privileged to accompany a grandson to Scout Camp. We are excited that they brought their son **Don Dilworth** back with them. Don will be staying for at least awhile and we are happy to include him in our Dana Ward Family!

Lisa Wagenman, daughter of **Anne Berryman**, is planning to marry **Martin**

Rodríguez (younger brother of **Efrain**) in the near future in the Mesa Temple. Lisa grew up in the old 19th Ward.

The Jose and Natalia Sapien family have remained in their home within our ward boundaries, but have transferred their memberships to the Liahona Ward. We will miss them!

Harvey and Edith Mosley have a new home phone number: 480-259-4940. **Ferrel & Susan Dilworth's** new number is 480-327-7317. Be sure to update your ward directory.

Congratulations to **Kaeden Blau** who was baptized by her father **Kerwin**, July 24th. Kaeden is a beautiful young lady and the newest member of the Church in the Dana Ward Family.

Dylon Merkley turned 12 on July 21st and has been ordained to the office of a Deacon in the Aaronic Priesthood, by his father, Keith. Congratulations Dylon!

Kevin Hale has spent this past week participating in the National Scout Jamboree in Ft. Hill Virginia. He is one of 30 boys from the Mesa High

area attending the troop led by The Kimball Stake Pres and Bishop Rondell Jones. The Jamboree is held every 3 years and involves 50,000 participating scouts from all over the world. (Can you imagine the logistics it must take to just feed that many boys, plus their leaders, three meals a day?) The week before, Kevin's 'Troop' got to attend the Cumorah Pageant, visited the Johnson Farm in Ohio, Amish Country, the American Baseball Hall of Fame, Arlington and lots of Historical sites. They will return home this coming week.

We keep hearing rumors that **Yvonne Molina** may soon be moving back into her newly rebuilt house at 1932 E. 2nd Ave. Yvonne's home was destroyed by fire about 4 years ago. Construction is almost finished so we should soon know if Yvonne will be rejoining her old Ward Family. We hope so!

THE SICK AND INJURED LIST

In the middle of July, **Bert Charon** had a small stroke. She recovered quickly with no real physical impairment, but it has affected her short term memory. As a result, she will no longer be able to live alone in her home. She currently is staying with her daughter, Kathy LeSueur, while Bert's children assess her progress and needs.

Melissa Crandell was just enjoying some swimming time with her family and

miscalculated a dive off the pool board. 'Delinquent' adults are often ignored by the lifeguards and Melissa had to use her "MOM" voice to get their

attention and assistance! When the dust settled from the incident, she found she owned a broken ankle. She's a trooper and with her family's support, she will survive this experience. Our prayers are for her speedy recovery.

Daline Maddern's shoulder and pelvis fractures are healing very well! Her sister-in-law and neighbors continue to assist her recovery for which Daline is very grateful.

Betsy Rogers (Mom of Pat Rogers) did an involuntary inspection of the chapel carpets last Sunday. She lost her balance and fell before meetings began. The paramedics and fire dept responded and took her to the hospital for a check-up. Those of you who went out of town for vacation, missed all the excitement! Betsy is fine, except for her "shiner"! She does report that the chapel carpets appear to be in good condition! Thanks Betsy, for the quick inspection! We soon will be responsible for the cleaning and maintenance of our building and appreciate you checking on that matter! We love you Betsy! Thanks for not injuring one of our favorite ward family members any worse. Betsy also took another tumble this past week which was an inconvenience, but did no damage. We wish you a speedy recovery!

Carol Provence had a small heart attack last week. Her Dr.s put in a stent and she is home recovering.

Brother Bob Millican is in the hospital working thru some multiple health problems. Get well Brother Bob!

Cristal James is struggling with some health issues. Please remember her in your prayers.

Some very fancy 'flip flop' creations were made in the YW classes the past few weeks. Neat chance for the girls to 'get creative'!

Last Wed. the girls went shopping at Payless for children's school shoes for the stake service project coming up. They had a lot of fun and learned a lot of helpful things.

The girls also did a 'Clothing Exchange' among themselves and most of them went home with a few outfits for school. Wahoo!

good wherever we are, whatever our callings.”
Pres. Thomas S. Monson

“If we are on the Lord’s errand, we are entitled to the Lord’s help. That divine help however is predicated upon our worthiness.”
Pres. Thomas S. Monson

“Patience means to abide in faith, knowing that sometimes it is in the waiting rather than in the receiving that we grow the most.”
Pres. Dieter F. Uchtdorf

“Patience is the ability to put our desires on hold for a time. Without patience, we cannot please God, we cannot become perfect. Indeed, patience is a purifying process that refines understanding, deepens happiness, focuses action and offers hope for peace.” Pres. Dieter F. Uchtdorf

“Stop looking for the storms and enjoy more fully, the sunlight.” Pres. Gordon B. Hinckley

“Forget yourself and get to work!”
Pres. Gordon B. Hinckley

“Get on your knees and pray. Then get on your feet and go to work!” Pres. Gordon B. Hinckley

“He cheers on every runner, calling out that the race is against sin, not against each other. I know that if we will be faithful, there is a perfectly tailored robe of righteousness ready and waiting for everyone,” Jeffrey R. Holland

“As men and women do their duty to God, communities become benevolent and neighbors become friends. The God of heaven is pleased, the earth is pacified and this world becomes a better place.” Bishop Keith B. McMullin
